# WHAT WE DO

**HRMATT is dedicated to enhancing and facilitating the professional development of our members and fostering the acceptance and recognition of Human Resource Management as an integral part of management practice and decision making in Trinidad and Tobago. We strive to develop and ensure appropriate standards of excellence in the practice of HRM in T&T and provide opportunities for networking among members. Our organisation serves as a vehicle for establishing linkages with local and international associations with similar and/or related objectives.**

**As a clearinghouse for matters and issues pertaining to HRM, we provide the impetus for research into issues affecting HRM in Trinidad and Tobago and provide opportunities for discussion, communication and/or publication of useful research data and other information affecting HRM.**

**We are committed to doing all such things as may be necessary, incidental or conducive to the attainment of our objectives.**

# WHAT IS CHAT-BASED CARE?

Chat-based care is very similar to using WhatsApp except that Wellness Hub is HIPAA & GDPR-compliant with many more features including AI & Metaverse add-ons. It has become easier for employees to chat from virtually anywhere and at anytime. Chat-based care does not eliminate in-person care but enhances it.

# WHAT IS WELLNESS HUB

Wellness Hub is an all-in-one chat-based online platform for employees that provides fitness, health & wellness services on-demand using a smartphone.

AI & Metaverse add-ons are coming soon.
